

Case Study

Customer: Amey HWRC sites Cambridgeshire

Location: 9 x Sites including Thriplow, St. Neots, Alconbury, Whittlesey, Wisbech, March, Witchford, Bluntisham, Milton

Task: To safely remove chemical and hazardous waste from the recycling centres for licensed disposal.

- Provided a chemist to classify and list all hazardous and chemical waste
- Identification of hazardous properties for each chemical in accordance with waste regulations
- Segregation of material based on hazard classes and UN numbers
- Safe packing of material into appropriate UN containers for ADR transportation
- Removal of all packed waste by a trained dangerous goods driver.
- Generation of technical consignment notes and relevant paperwork.
- Onward transfer for licensed disposal.
