POLICY SCHEDULE

The details of the insurances in this Policy Schedule are intended as a concise overview for a quick and simple reference only. It contains only the main limits, sums insured, endorsements and excesses but others may apply and will be detailed in the Policy Document. Reference should be made to Your Statement of Fact and Policy Document for the full extent of the insurance cover provided and full policy terms and conditions.

Please take care to review all documentation to ensure that the information provided accurately reflects Your circumstances and that the cover provided suits Your requirements. You should pay particular attention to any Terms, Conditions, Limits and Exclusions including Endorsements which may require You to take action.

It is understood and agreed that the Underwriters liability shall not exceed the limits of liability expressed in the Policy Schedule or such other limits of liability as may be substituted by memorandum hereon or attached hereto signed by or on behalf of Underwriters.

Fair Presentation of the Risk

This quotation is provided on the understanding that all material facts have been disclosed to us in a clear and accessible manner and have not been misrepresented to us.

If you do not comply with the above and any such non-disclosure or misrepresentation by you is:

- a) proven by us to be deliberate or reckless we may:
 - i) avoid the policy which means that we will treat it as if it had never existed and refuse all claims, in which case we will not return the premium paid by you; and
 - ii) recover from you any amount we have already paid for any claims including costs or expenses we have incurred.
- b) not deliberate or reckless, the policy may be affected in one or more of the following ways depending on what we would have done if we had known about the facts which you failed to disclose or misrepresented:
 - i) if we would not have provided you with any cover we will have the option to:
 - 1) avoid the policy which means that we will treat it as if it had never existed and repay any premium paid; and
 - 2) recover from you any amount we have already paid for any claims including costs or expenses we have incurred
 - ii) if we would have applied different terms to the cover we will have the option to treat the policy as if those different terms apply. We may recover any payments made by us on claims which have already been paid to the extent that such claims would not have been payable had such additional terms been applied
 - iii) if we would have charged you a higher premium for providing the cover we will charge you the additional premium which you must pay in full.

A "material fact" would be a circumstance or representation that would influence our judgement in determining whether to take the risk and, if so, on what terms. If you are in any doubt where a particular fact is material you should declare it.

Where: (i) there has been a failure to comply with a term (express or implied) of this Policy, other than a term which defines the risk as a whole; and (ii) compliance with such term would tend to reduce the risk of loss of a particular kind and/or loss at a particular location and/or loss at a particular time, the Insurer cannot rely on the breach of such term to exclude, limit or discharge its liability if You show that the failure to comply with such term could not have increased the risk of the loss which actually occurred in the circumstances in which it occurred

If You breach any warranty in this Policy, the Insurer's liability under the Policy shall be suspended from the time of the breach until the time when the breach is remedied (if it is capable of being remedied). The Insurer will have no liability to You for any loss which occurs, or which is attributable to something happening, during the period when the Insurer's liability is suspended
